And for riding gear or casual wear, see the Drag Specialties/ Parts Unlimited Helmet/Apparel catalog. Combine all three catalogs for the most complete powersports resource of 2014.

Young and beautiful, Lois Pryce was a rising star at the BBC. Unbekownst to her co-workers, Lois lived a parallel life as a biker babe with an overwhelming sense of wanderlust. So she packed in her career to ride her motorcycle on her own from the northernmost tip of Alaska to the southernmost tip of South America. Alone. Armed only with the Spanish words for 'caution' and 'cheese', Lois was rather under-prepared for multiple bear sightings, bribing her way through borders, spending a night in a Mexican brothel and crashing her bike in the wilds of Patagonia. She most certainly got the adventure she craved, and her pulse-pounding, soul-searching adventure has already attracted fans worldwide - a weblog that she kept whilst on her travels was receiving more than two-thousand hits a day. Her hilarious, brilliantly written travelog will appeal to anyone who’s ever dreamt of jacking-it-all-in and running away to see the world.

Dedicated to the preservation of all forms of off-road recreation in an environmentally responsible manner.

A tale of childhood hardship, lifelong friendships, adventures on a Vespa, lashings of G&T and even being recruited as a spy for the drug squad. Di’s memoir describes how she overcomes bereavement and dyslexia to carve out a career as a pioneering nurse. After working and travelling on four continents, she eventually finds the love of her life and in a bitter twist now faces health battles of her own. There’s love, hope and optimism on every page - a book to inspire.200 pages, including b&w and colour photos.A donation from each sale will go to Dorothy House Hospice, Bath, UK.

'Words like hate and madness and kill were strangers here. After all, this wasn't New York, or Paris or Rome, This was Paradise . . . ' It was the Great Lakes' most exclusive residential hideaway, a tiny crime free haven. Until the morning a dead body is discovered littering someone’s perfectly manicured lawn – bringing murder to Paradise. Detective Jack Stryker is recovering from a gunshot wound at his girlfriend’s island cottage. But he’s forced to abandon his vacation when he’s persuaded to join up with the local sheriff to investigate a murder and a tangle of sinister events on the island.

In 2011, at the height of tension between the British and Iranian governments, travel writer Lois Pryce found a note left on her motorcycle outside the Iranian Embassy in London: ... I wish that you will visit Iran so you will see for yourself about my country. WE ARE NOT TERRORISTS!!! Please come to my city, Shiraz. It is very famous as the friendliest city in Iran, it is the city of poetry and gardens and wine!!! Your Persian friend, Habib Intrigued, Lois decides to ignore the official warnings against travel (and the warnings of her friends and family) and sets off alone on a 3,000 mile ride from Tabriz to Shiraz, to try to uncover the heart of this most complex and incongruous country. Along the way, she meets carpet sellers and drug addicts, war veterans and housewives, doctors and teachers - people living ordinary lives under the rule of an extraordinarily strict Islamic government. Revolutionary Ride is the story of a people and a country. Religious and hedonistic, practical and poetic, modern and rooted in tradition - and with a wild sense of humour and appreciation of beauty despite the comparative lack of freedom - this is real contemporary Iran.

The Complete Idiot’s Guide to Motorcycles, Fourth Edition, is the most complete book on motorcycles, covering everything from how to choose and maintain a motorcycle and how to buy appropriate gear, to how to ride safely, and how to make the most out of trips on the open road.

"This book, a polished, winding meditation on the theory and fractiousness of motorcycles, celebrates both their eccentric history and the wary pleasures of touring."—The New Yorker In a book that is "a must for anyone who has loved a motorcycle" (Oliver Sacks), Melissa Pierson captures in vivid, writerly prose the mysterious attractions of motorcycling. She sifts through myth and hyperbole: misrepresentations about danger, about the type of people who ride and why they do so. The Perfect Vehicle is not a mere recitation of facts, nor is it a polemic or apologia. Its vivid historical accounts—the beginnings of the machine, the often hidden tradition of women who ride, the tale of the defiant ones who taunt death on the racetrack—are intertwined with Pierson's own story, which, in itself, shows that although you may think you know what kind of person rides a motorcycle, you probably don't.
