From shaking a tambourine to strumming a ukulele to beating a drum, early readers are introduced to common musical instruments, the way they are played, and the sounds they make.

Written for adults, this hands-on guide demonstrates how to make easy musical instruments with children. Detailed instructions are included for making more than 60 unique instruments that are suitable for children as young as five years. Serving as a resource in the classroom or home, this manual is extensively illustrated with drawings and photographs along with an audio sample of the instruments in lively solo and ensemble pieces.

Music is made using different objects.

Hailed as an "indispensable" guide (Forbes), How to Make It in the New Music Business returns in this extensively revised and expanded edition. When How to Make It in the New Music Business hit shelves in 2016, it instantly became the go-to resource for musicians eager to make a living in a turbulent industry. Widely adopted by music schools everywhere and considered "the best how- to book of its kind" (Music Connection), it inspired thousands to stop waiting around for that "big break." Now trusted as the leading expert for "do it yourself" artists, Ari Herstand returns with this second edition, maintaining that a stable career can be built by taking advantage of the many tools at our fi ngertips: conquering social media, mastering the art of merchandising, embracing authentic fan connection, and simply learning how to persevere. Comprehensively updated to include the latest online trends and developments, it offers inspiring success stories across media such as Spotify and Instagram. The result is a must- have for anyone hoping to navigate the increasingly complex yet advantageous landscape that is the modern music industry.

Shows how to make percussion, wind, and string instruments, including gongs, balloon drums, sidelblown flute, natural horn, and a wooden saxophone

Are your kids struggling with music theory? Do you wish you could help them learn how to read music? Help Your Kids With Music is what every frustrated parent needs. This invaluable guide covers all the core subjects needed to pass up to grade 5 music exams around the world, including melody, rhythm, chords and harmony, intervals, scales, and keys, styles and genres, and the instruments of the orchestra. Its unique visual approach, which uses simple, colorful illustrations and diagrams alongside a wide range of musical examples, allows parents and children to work together to understand even the trickiest concepts of music theory. Feature boxes on composers and musicians across a variety of styles and genres help children and parents learn and discover more about music, while guides to writing your own melody and harmonizing a song melody encourage budding composers to have a go at writing their own music. This book is also packed with musical examples, which you can listen to on the accompanying audio app. Perfect for exam preparation, homework help, or learning to read music as part of learning an instrument, Help Your Kids With Music is a clear, accessible guide that will help parents and children understand even complex music theory and put it into practice with confidence. Series Overview: DK's bestselling Help Your Kids With series contains crystal-clear visual breakdowns of important subjects. Simple graphics and jargon-free text are key to making this series a user-friendly resource for frustrated parents who want to help their children get the most out of school.

Managing Hip Hop artists is NOT the same as managing artists in any other genre. It's unique. There are cultural differences, industry differences and global differences you need to be aware of if you are to be successful. I know, because I've done it! Learn the business basics, as well as the unique success attitude and strategies you need in order to master the game! (220 pages; 8 x 10; ISBN: 978-0974531335) Read more at www.hiphopentrepreneur.com

In her follow-up to Making Music and Enriching Lives: A Guide for All Music Teachers, Bonnie Blanchard offers students a set of tools for their musical lives that will help them stay engaged, even during the challenging times in their musical development. Blanchard discusses issues such as finding an instructor, selecting the right instrument, and choosing a college or conservatory. The book includes lessons on music theory and history as well as a guide to finding additional materials in print and online. Blanchard's strategies for making practice productive and preparing for auditions are useful tips students can return to again and again.

A guide to the orchestra, from the cello to the clarinet to the tuba to the timpani, through sounds and stories.

Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of making music. The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy. This book takes you through six weeks of activities on the theme of making music. Each activity is linked to a specific Early Learning Goal, and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting. This book also includes a photocopyable page to give to parents with ideas for them to get involved with their children's topic, as well as ideas for bringing the six weeks of learning together. The weekly themes in this book include: voice and body music, using musical instruments, and beat and rhythm.
