In response to actual questions many people have asked him about angels and demons, well-known author and philosophy professor Peter Kreeft separates fact from fantasy and myth from reality as he answers 100 common questions about these spiritual beings. Based on a very popular college course he teaches on this subject, this book responds to the incredible amount of interest in angelic beings and attempts to clear up some of the misinformation abounding in the numerous books today on what we know about these mysterious spirits. Drawing on the Bible, traditional Church teaching and St. Thomas Aquinas, Kreeft gives straight, clear answers to the perennial and philosophical questions asked about angels and demons throughout time. In his typical lucid, profound and sometimes humorous style, Kreeft answers such questions as "What are angels made of?", "How do angels communicate with God?", "How do angels communicate with us?", "Do demons, or devils, or evil spirits really exist?" and many more. Includes angel art. Peter Kreeft, Ph.D., is a professor of philosophy at Boston College. He is a regular contributor to several Catholic publications, is in wide demand as a speaker at conferences, and is the author of over 20 books including Back to Virtue, Heaven the Heart's Deepest Longing and Fundamentals of the Faith.

The supernatural world is prominent in many of today’s movies, television shows, novels, and the popular imagination. But some of what is presented as grounded in a Christian worldview is in fact far from that. In Angels and Demons, Michael Patella, OSB, offers an accessible and fascinating look at supernatural realities as they really are presented in the Bible and Christian tradition. Among the topics Patella explores with a valuable combination of pastoral wisdom and academic rigor are: the role of angels in the ministry of Jesus the apocalyptic battle in Revelation the occult, possession, and the work of Satan what angels are and what they’re not the Last Judgment: how? when? Readers will appreciate Patella’s level-headed appraisal of the views of the supernatural world in the various sections of the Bible. They will be engaged by his lucid account of “Who’s Who in Hell.” They will be both comforted and inspired by his foundational conviction that Christ has claimed creation for the forces of good, evil is on the run, and there is no chance of the tide ever turning the other way, evil actions and human suffering notwithstanding.

Harvard symbologist Robert Langdon and French cryptologist Sophie Neveu work to solve the murder of an elderly curator of the Louvre, a case which leads to clues hidden in the works of Da Vinci and a centuries-old secret society.

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, Angels and Demons in Art will delight readers with an interest in art or religious symbolism.
