and health science majors to learn calculus through relevant and strategically placed applications to their chosen fields.

Neuhauser & Roper, Calculus For Biology and Medicine / Pearson

In Problem #2, there should be a 3 in front of the answer : so the correct answer is $3x\sin x + 3\cos x + C$. The second error is in Problem 22. The second term $(2/9)$ is erroneously computed as $(4^{(3/2)}) = 8/9$, whereas $(4^{(3/2)}) = 16/9$. So the final answer should be : $((16\ln 2)/3) - (14/9)$.
