Church history is the story of the greatest community the world has known and the greatest movement in world history. Yet, just as the biblical record of the people of God is the story of a mixed people with great acts of faith and great failures in sin and unfaithfulness, so is the history of the people who have made up the church down through the ages. Church History, Volume Two is an account of the ups and downs, the triumphs and struggles, of the Christian movement. It offers a unique contextual view of how the Christian church spread and developed from the just prior to the Reformation and through the next five-hundred-plus years into the present-day. This book looks closely at the integral link between the history of the world and that of the church, detailing the times, cultures, and events that both influenced and were influenced by the church. Filled with maps, charts, and illustrations, gives primary attention to the history of Christianity in the West (western Europe and North America), but given the global and ecumenical environment of the twenty-first century, it also covers Africa, eastern Europe, Asia, and Latin America.

This introduction to Church history sets the development of Christianity from the sixteenth century to the present in the wider history of the world. Direct quotations from primary sources accompany the narrative.

In this second volume is a recorded history of the Church of Jesus Christ of Latter-day Saints from the years 1834 through 1837 - including such topics as: The arrival of a delegation from the exiled Saints in Missouri Zion's Camp The School for the Elders at Kirtland The discovery of the Book of Abraham Organization of the First Presidency, the Twelve and the Seventy Publication of the Doctrine and Covenants Completion and dedication of the Kirtland Temple The appearance of Messiah in the Temple declaring His acceptance of it The appearance of Moses, Elias and Elijah, on the same occasion, delivering the keys of their respective dispensations to the Prophet of the Dispensation of the Fullness of Times The exodus of the Saints from Clay County, Missouri, and the founding of Far West Foreign missions are opened by sending two of the Twelve and several Elders to England Kirtland Safety Society Company Excessive pride and worldliness on the part of some of the Saints at Kirtland Apostasy of many Elders and Saints in Kirtland

The pure joy of eyewitness history, one author observed, lies in the vicarious thrill of experiencing the event. The Eyewitness History of the Church: Volume Two draws together hundreds of first-person, eyewitness accounts covering the period of growth and testing that followed the restoration of the Church. Each chapter in this

innovative book consists of eyewitness narratives of central events. You will experience a whole new world of LDS Church history through snapshots of specific moments captured by those who were there. See the dedication of the Kirtland Temple through the eyes of Sylvia Cutler Webb and the distinct impression it made, despite her young age at the time. View the tragedy at Haun's Mill with Amanda Smith, who lost a husband and a son, and find hope in the story of the son who lived. Feel the power of Joseph Smith's rebuke of the prison guards in Richmond, as recorded by Parley P. Pratt. Cheer Hurrah for Israel! with Heber C. Kimball and Brigham Young as they embark on a mission to England. Marvel with Wilford Woodruff at the day of miraculous healings in Nauvoo. Rejoice with the sisters in Nauvoo at the formation of the Female Relief Society. Experience the Martyrdom at Carthage Jail with Willard Richards, who, in fulfillment of prophecy, was not harmed. For the past 175 years, these eyewitness accounts have helped shape the spiritual heritage of the Church around the world. They not only bear testimony of what occurred but also plant seeds of faith and belief in modern readers. This firsthand approach to learning about Church history will touch your heart, stir your imagination, expand your knowledge, and strengthen your testimony.

Jerald Bauer's Westminster Dictionary of Church History was originally published in 1969 and has ably served an entire generation of pastors, students, and scholars over the last decades of the twentieth century. In recognition of both the dictionary's age and the latest developments in patristics and other fields of study, Westminster John Knox Press commissioned this volume to continue in the previous work's tradition by providing up-to-date and immediate, authoritative, and introductory definitions and explanations of the major personalities, events, facts, and movements in the history of Christianity. Volume One covers the early, medieval, and Reformation periods and contains nearly fourteen hundred articles written by more than two hundred contributors. Volume Two will cover the modern period, from 1700 on.

Church History offers a unique contextual view of how the Christian church spread and developed. It did so, not in a vacuum, but in a setting of times, cultures, and events that both influenced and were influenced by the church. Church History looks closely at the integral link between the history of the world and that of the church. Volume One explores the development of the church from the days of Jesus to the years prior to the Reformation. Filled with maps, charts, and illustrations, it offers overviews of the Roman, Greek, and Jewish worlds; insights into the church's relationship to the Roman Empire, with glimpses into pagan attitudes toward Christians; the place of art and architecture, literature and philosophy, both sacred and secular; and much more, spanning the time from the first through the thirteenth centuries.

This fascinating introduction to early Christianity sets it in the broader context of the political, social, & economic developments in
