At seventy-three years young, #1 New York Times bestselling author and health guru Suzanne Somers has established herself as a leading voice on antiaging. With A New Way to Age, she takes things a step further to present a revolutionary philosophy for a longer and better quality life—in the form of easy-to-understand lessons and doctor interviews that will make you feel like you've just had the best checkup of your life. There is a new way to age. I'm doing it and it's the best decision I've ever made. I love this stage of my life: I have 'juice,' joy, wisdom, and perspective; I have energy, vitality, clearheadedness, and strong bones. Most of us are far too comfortable with the present paradigm of aging, which normalizes pills, nursing homes, and "the big three": heart disease, cancer, and Alzheimer's disease. But you don't have to accept this fate. Now there's a new way to grow older—with vibrancy, freedom, confidence, and a rockin' libido. This health bible from Suzanne Somers will explain how to stop aging like your parents and embrace cutting-edge techniques such as: balancing nutritional and mineral deficiencies; detoxifying your gut for weight loss; pain management with non-THC cannabis instead of harmful opioids; and much more. Aging well is mainly about the choices you make on a daily basis. It can be a fantastic process if you approach it wisely. After a lifetime of research, Suzanne came to a simple conclusion: what you lose in the aging process must be replaced with natural alternatives. In order to thrive you have to rid your body of chemicals and toxins. Start aging the new way today by joining Suzanne and her trailblazing doctors as they all but unearth the fountain of youth.
