From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since

World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller,

Surprise, Kill, Vanish brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its

principled standing in the world? Every operation reported in this book, however unsettling, is legal.

A memoir by the mustachioed baseball pitcher who went playing rocky, trash-ridden fields in Castro's Cuba to becoming a Boston Red Sox legend. Luis Tiant is one of the most charismatic and accomplished players in Boston Red Sox and Major League Baseball history. With a barrel-chested physique and a Fu Manchu mustache, Tiant may not have looked like the lean, sculpted aces he usually played against, but nobody was a tougher competitor on the diamond, and few were as successful. There may be no more qualified twentieth-century pitcher

not yet enshrined in the National Baseball Hall of Fame. His big-league dreams came at a price: racism in the Deep South and the Boston suburbs, and nearly fifteen years separated from a family held captive in Castro's Cuba. But baseball also delivered World Series stardom and a heroic return to his island home after close to a half-century of forced exile. The man whose name—"El Tiante"—became a Fenway Park battle cry has never fully shared his tale in his own words, until now. In *Son of Havana*, Tiant puts his heart on his sleeve and describes his road from torn-up fields in Havana to the pristine lawns of major league ballparks. Readers will share Tiant's pride when appeals by a pair of US senators to baseball-

fanatic Castro secure freedom for Luis's parents to fly to Boston and witness the 1975 World Series glory of their child. And readers will join the big-league ballplayers for their spring 2016 exhibition game in Havana, when Tiant—a living link to the earliest, scariest days of the Castro regime—threw out the first pitch.
