Beginning with the birth of the nation, slavery divided and caused conflict for the United States of America, worsening during the country's early decades as the practice became more economically vital. Finally, in 1861, the American Civil War erupted after the election of President Abraham Lincoln. Never acknowledging the South's right to secede, Lincoln and the North fought the South through four long, bloody, destructive years; much longer than anyone thought the war would last. A historian's new look at how Union blockades brought about the defeat of a hungry Confederacy In April 1861, Lincoln ordered a blockade of Southern ports used by the Confederacy for cotton and tobacco exporting as well as for the importation of food. The Army of the Confederacy grew thin while Union dinner tables groaned and Northern canning operations kept Grant's army strong. In Starving the South, Andrew Smith takes a gastronomical look at the war's outcome and legacy. While the war split the country in a way that still affects race and politics today, it also affected the way we eat: It transformed local markets into nationalized food suppliers, forced the development of a Northern canning industry, established Thanksgiving as a national holiday and forged the first true national cuisine from the recipes of emancipated slaves who migrated north. On the 150th anniversary of the Battle of Fort Sumter, Andrew Smith is the first to ask "Did hunger defeat the Confederacy?".

The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle not merely for the Union, but as "a new birth of freedom" that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. An in-depth account of the Civil War people and events that left their mark on the city at the heart of the Union, shaping its historic legacy. When the first shots of the Civil War were fired in 1861, Washington, DC, was a small, essentially Southern city.
