~~International History of the Twentieth Century and Beyond~~

20th-century international relations, history of the relations between states, especially the great powers, from approximately 1900 to 2000. The history of the 20th century was shaped by the changing relations of the world's great powers. The first half of the century, the age of the World Wars and the start of the Cold War, was dominated by the rivalries of those powers.

Synopsis. This hugely successful global history of the twentieth century is written by four prominent international historians for first-year undergraduate level and upward. Using their thematic and regional expertise, the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century, covering events in Europe, Asia, the Middle East, Africa and the Americas.

~~International History of the Twentieth Century and Beyond~~

The early 20th-century world experienced a growth in international cooperation, and yet the dominant historical view of the period has long been one of national, military, and social divisions rather than connections. While the history of international cooperation has attracted increased historical attention over the past decade, much historical analysis of international affairs, especially of the earlier 20th century, remains state-centric.
