funk. From his early days in R&B club bands through his international stardom with fusion group Weather Report and on to his solo career and tragic death at age 35, this book portrays the life and music of Jaco Pastorius, the self-proclaimed world's greatest bass player.

### **Jaco: The Extraordinary and Tragic Life of Jaco Pastorius ...**

This results in many kids just slipping off the radar, often with tragic consequences, as in the case of Dylan Seabridge. I'm not suggesting that this boy's parents, originally from Stoke on Trent, were involved in the One Planet scam; they just represent another type 'escaping' to our rural areas.

(Book). A fitting tribute to the troubled genius who revolutionized electric bass playing and bridged the gaps between jazz, R&B, rock and funk. From his early days in R&B club bands through his international stardom with fusion group Weather Report and on to his solo career and tragic death at age 35, this book portrays the life and music of Jaco Pastorius, the self-proclaimed "world's greatest bass player." This special anniversary edition features new interviews with Jaco's childhood friends, prominent bass players of Jaco's era and afterward, and girlfriend Teresa Nagell, who was with Jaco in the last few years of his life. Some incidents from the first edition have been further researched and expanded to become full chapters. Exclusive to this edition, the CD features newly revealed music tracks from Jaco's early years along with spoken testimonials from Jaco's friends and colleagues. The book also contains new, never-before-seen photos acquired from the Pastorius estate.

Winner of the Best Book of 2009, Jazz Division, sponsored by AllAboutJazz-New York, 2009. Selected for "The Best of the Best" from University Presses, ALA Conference, 2010. Winner of the 2010 Association for Recorded Sound Collections Award for Excellence in Historical Recorded Sound Research in Jazz, 2010. Jade Visions is the first biography of one of the twentieth century's most influential jazz musicians, bassist Scott LaFaro. Best known for his landmark recordings with Bill Evans, LaFaro played bass a mere seven years before his life and career were tragically cut short by an automobile accident when he was only 25 years old. Told by his sister, this book uniquely combines family history with insight into LaFaro's music by well-known jazz experts and musicians Gene Lees, Don Thompson, Jeff Campbell, Phil Palombi, Chuck Ralston, Barrie Kolstein, and Robert Wooley. Those interested in Bill Evans, the history of jazz, and the lives of working musicians of the time will appreciate this exploration of LaFaro's life and music as well as the feeling they've been invited into the family circle as an intimate.

(Book). By age 16, Pat Martino was already working as a member of R&B star Lloyd Price's touring musical revue. By age 18, Martino moved to Harlem, where he quickly earned a reputation as a hard-bopping six-stringer with formidable chops through a series of apprenticeships with the likes of honking tenor saxophonist Willis "Gator Tail" Jackson and Hammond B-3 organ master Jack McDuff. Martino made his auspicious debut as a leader at age 22 with 1967's *El Hombre* on Prestige and followed with a string of potent recordings for the label that further established him as one of the most distinctive guitar voices on the jazz scene. Then, at the peak of his powers, the bottom fell out. In 1980, he underwent surgery as the result of a nearly fatal brain aneurysm. The surgery left him without any memory of the guitar or his musical career. From that point, Martino undertook the long process of recovery, eventually learning how to play the guitar again; but more important, learning to transcend the instrument itself and live his life completely in the moment. More than just the remarkable story of one of the most original and profoundly influential guitarists in jazz history, this extraordinarily revealing autobiography is also

## Acces PDF Jaco The Extraordinary And Tragic Life Of Jaco Pastorius

a survival manual, of sorts, in overcoming incredible adversity and learning to live in the here and now.

Presents photographs of fifty famous jazz musicians ranging from Jelly Roll Morton to Joe Lovano, with profiles of each artist and a history of the music genre from the late-eighteenth century to the present.

After John Coltrane, there was no more revered and profoundly influential saxophonist on the planet than Michael Brecker. For those coming of age in the 1970s, during that transitional decade when the boundaries between rock and jazz had begun to blur, Brecker stood as a transcendent figure. He was their Trane. Ode to a Tenor Titan follows Michael's story from growing up in Philadelphia, finding his tenor sax voice during his brief stint at Indiana University, making his move to New York City in 1969 and taking the Big Apple by storm through the sheer power of his monstrous chops on the instrument. A commanding voice in jazz for four decades, Brecker possessed peerless technique (a byproduct of his remarkable work ethic and relentless woodshedding) and an uncanny ability to fit into every musical situation he encountered, whether it was as a ubiquitous studio musician (more than nine hundred sessions) for such pop stars as Paul Simon, James Taylor, Bruce Springsteen, Todd Rundgren, Chaka Khan, and Steely Dan; playing with seminal fusion bands like Dreams, Billy Cobham, and the Brecker Brothers; or collaborating with the likes of Frank Zappa, Charles Mingus, Pat Metheny, and Herbie Hancock. But his biggest triumphs came as a bandleader during the last twenty years of his career, when he produced some of the most challenging, inspired, and visionary modern jazz recordings of his time. A preternaturally gifted player whose facility seemed almost superhuman, he was also modest to a fault and universally beloved by fellow musicians. After coming through a dark decade of heroin addiction, he turned his life around and became a beacon for countless others to lead clean and sober lives. At the peak of his powers, he was struck down by a rare preleukemic blood disease that sidelined him for two and a half years. He got off a sick bed to make a heroic comeback with his swan song, Pilgrimage, which Pat Metheny called "one of the great codas in modern music history" and which earned him a posthumous Grammy Award in 2007. Michael Brecker was a player of tremendous heart and conviction as well a person of rare humility and kindness, and his story is one for the ages.

For half a century Keith Richards has been the heart and soul of the world's greatest rock 'n' roll band. A riff master of the highest order, his catchy licks have energized timeless rock anthems from "Satisfaction" to "Start Me Up." With Mick Jagger, he formed an indelible songwriting team that secured a spot in the Songwriters' Hall of Fame. Renowned music critic Bill Milkowski brilliantly captures the music and the turbulent life of the ultimate rock 'n' roll survivor.

Chet Atkins called Lenny Breau (1941-1984) "the greatest guitarist who ever walked the face of the earth." Breau began playing the instrument at age seven, and went on to master many styles, especially jazz. Between 1968 and 1983 he made a series of recordings that are among the most influential guitar albums of the century. Breau's astonishing virtuosity influenced countless performers, but unfortunately it came at the expense of his personal relationships. Despite Breau's fascinating life story and his musical importance, no full-length biography has been published until now. Forbes-Roberts has interviewed more than 175 people and closely analyzed Breau's recordings to reveal an enormously gifted man and the inner workings of his music.

En yngre mand ankommer tilsyneladende tilfældigt til Timor. Opholdet bliver skæbnesvangert og får fatale konsekvenser

A Perfect Union of Contrary Things is the authorized biography of musician and vintner Maynard James Keenan. Co-author Sarah Jensen's 30-year friendship with Keenan gives her unique insight into his history and career trajectory. The book traces Keenan's journey from his Midwest childhood to his years in the Army to his time in art school, from his stint at a Boston pet shop to his place in the international spotlight and his influence on contemporary music and regional winemaking. A comprehensive portrayal of a versatile and dedicated artist, A Perfect Union of Contrary Things pays homage to the people and places that shaped the man and his art. Until now, Maynard's fans have had access to only an abridged version of his story. A Perfect Union of Contrary Things presents the outtakes, the scenes of disappointment and triumph, and the events that led him to take one step after the next, to change direction, to explore sometimes surprising opportunities. Included are sidebars in his own words, often humorous anecdotes that illuminate the narrative, as well as commentary by his family members, friends, instructors, and industry colleagues. The book also features a foreword by Alex Grey, an American visionary artist and longtime friend of Keenan. Accompanying the text are photos of Keenan from childhood to the present. Maynard's story is a metaphor for the reader's own evolution and an encouragement to follow one's dreams, hold fast to individual integrity, and work ceaselessly to fulfill our creative potential.
