Never Far Away is a short story and resource for the parent who has a child that doesn't like to separate from them when time for school or work. It has illustrative pictures and content for the parent and child to interact before they go about their day.

Interactive Computer Graphics with WebGL, Seventh Edition, is suitable for undergraduate students in computer science and engineering, for students in other disciplines who have good programming skills, and for professionals interested in computer animation and graphics using the latest version of WebGL. Computer animation and graphics are now prevalent in everyday life from the computer screen, to the movie screen, to the smart phone screen. The growing excitement about WebGL applications and their ability to integrate HTML5, inspired the authors to exclusively use WebGL in the Seventh Edition of Interactive Computer Graphics with WebGL. This is the only introduction to computer graphics text for undergraduates that fully integrates WebGL and emphasizes application-based programming. The top-down, programming-oriented approach allows for coverage of engaging 3D material early in the course so students immediately begin to create their own 3D graphics. Teaching and Learning Experience This program will provide a better teaching and learning experience—for you and your students. It will help: Engage Students Immediately with 3D Material: A top-down, programming-oriented approach allows for coverage of engaging 3D material early in the course so students immediately begin to create their own graphics. Introduce Computer Graphics Programming with WebGL and JavaScript: WebGL is not only fully shader-based—each application must provide at least a vertex shader and a fragment shader—but also a version that works within the latest web browsers.

Inside this manual you will find routine maintenance, tune-up procedures, engine repair, cooling and heating, air conditioning, fuel and exhaust, emissions control, ignition, brakes, suspension and steering, electrical systems, and wiring diagrams.

Life has gotten a bit boring for Zuria Johnston, and with the exception of her Friday nights out with her best, flamboyant friend, Chase, and her job as a guidance counselor, she seems to have hit a rut. After a rough break-up with her longtime boyfriend, Manuel, her prospects of finding a man also seem pretty bleak. That is, until she connects with her poetic crush, Amir, and he opens her eyes to a world of romance and passion that she didn't know existed. She discovers what it feels like to be loved as a real woman should, and to overcome the difficulties of being a young, strong, black woman who is afraid to have her heart broken for a second time. The thrill of new romance seems to fill the emptiness in her life, but her old life isn't as easy to escape as she first thought. Mistakes that she thought she had left behind threaten to undo everything that she has begun to build in this new chapter of her life, but she isn't the only one battling the demons of her past. The poetic and passionate Amir harbors some dark secrets of his own, and when the truth begins to come out, the connection between her two lovers, old and new, may end her short reign of happiness before it ever fully begun. With love from one man and sworn vengeance from another, Zuria is trapped in the middle, trying desperately to make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zuria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice?

Seventeen-year-old Tracy Miller met the love of her life . . . thirty years after her own death. Tracy was working at the House of Horrors at the Amazing Lands Theme Park when the fire broke out. Instead of running, she lost her life trying to save eleven-year-old Mack. Now thirty years have passed, and suddenly everything changes with the arrival of two new ghosts: a little girl named Ashley and a cute seventeen-year-old boy named Josh. Josh would do anything for Tracy, but can he help her let go of the past and accept his love? *Ride of Your Life* is a bittersweet, romantic, YA ghost story that was inspired by a true event: the Great Adventure Haunted Castle fire, which killed eight teenagers in 1984. It is a fantasy novel about undying love, and it won third-place in Smart Writer 's Write It Now (W.I.N.) contest in the YA category, which was judged by Alex Flinn, the author of *Beastly* and *Cloaked*. Hang on. Love can be as terrifying as a roller coaster, but it can also be the *Ride of Your Life*.

Presents in graphic novel format an adaptation of the classic Victorian tale of *Sweeney Todd*, the barber who robbed and murdered his customers and disposed of their remains at the local bakery, where they were made into meat pies.

Have you felt like the odds were against you when it came to achieving success. In this detailed memoir, Shelley "Butch" Anthony III, provides an awe-inspiring example that God can use ordinary people to do extraordinary things
