19.02.2012 · There it is a broken  
feed wire in the passenger side  
bellows between door and A  
pillar. Checking the other wires in  
the harness and they were all  
good. A quick repair of the wire  
and reassembly and all is well.  
The RKE worked like a charm as  
well. The shop owner was more  
than happy.
