Stir-crazy pet owners are trying to teach their dogs to TALK

It is known that dog owners talk with their furry buddies. No shame in it. Moreover, it's beneficial both for yours and your dog's health. It's even beneficial for your mutual bond. After all, parents talk to their children when they want to bond with them. And, truth to be told, many pet owners see their pets as their own children.

Part 8 - NBC News

I talk to my dog. I also talk to all the other dogs at the dog park. I may not be a “normal” person in all respects, but I don’t think this is one of my questionable character traits. I think it’s totally normal to talk to animals—and not just to ask if they want to play fetch. From the time I was a little kid, I talked to my dog.

DOG TALK - OCT 26th - Tammy Gaboury & Stephen Barker  
As earlier mentioned, the way dogs talk to each other is never the same way they communicate with us. Their communication is mostly making sounds, body language, and signs. Tail. Whether they are trying to communicate with us or to talk to each other, dogs will wage their tails in a particular manner.

Read Calming Dog Signals by  
Turid Rugaas Get to know your  
dog's body language right down  
to the very subtle signals As  
others have said, be calm  
yourself. Don't use lots of voice  
commands; it's not necessary and  
it's like speaking Mandarin to  
them ie utterly confusing if you  
don't happen to speak it  
yourself!

How to have a calm dog |

Mumsnet

The dog may go out to the end of his six-foot leash and sniff around and do his thing but he may not drag you down the street or trip you by crisscrossing in front of or behind you. HEEL! This is a very precise position at your left side.
