3FatChicks on a Diet! – Diet & Weight Loss Support

This work by a #1 New York Times bestselling author presents a revolutionary plan that helps readers to reshape their body, get rid of abnormal fat, increase their metabolism, eliminate hunger and food cravings, and reveals why the food industry wants to keep the population fat.

Describes an all natural and effortless method for burning fat and losing up to thirty pounds in thirty days.

Describes an all natural and effortless method for burning fat and losing up to thirty pounds in thirty days.

Describes an all natural and effortless method for burning fat and losing up to thirty pounds in thirty days.

Self-Help

More than 100,000 copies later, this breakthrough program is more effective than ever— substantially revised and updated to include the author's latest clinical research. For the more than 160 million overweight Americans, dieting is a failure. Based on more than twenty years of proven clinical results, The Diet Cure's revolutionary approach curbs food cravings and restores the brain's mood and appetite chemistry in twenty-four hours. Beginning with her 8-Step Quick Symptom Questionnaire, celebrated nutritional psychotherapist Julia Ross helps readers identify their unique underlying biochemical imbalances and provides targeted strategies to correct those imbalances using nutritional supplements to jump-start the dietary overhaul. Readers then create their own safe, easy-to-follow plan to end low-calorie dieting and food obsessions for good.

A New and Improved Verision #4 is NOW available on Amazon with ISBN #978-0-9831124-2-6. Enhancements include updated food charts, vegetarian information and much more. The HCG Weight Loss Cure Guide is a guide to Dr. Simeon's Pounds and Inches, which is the base hCG diet Protocol described in Kevin Trudeau's newest book The Weight Loss Cure "They" Don't Want you to Know About. Discovered and documented after decades of research by Dr. Simeons, the 'original' protocol promises a short term plan with long term results—a full copy of Simeons' Pounds and Inches is included in the appendix. This guide is the complete 'How To' in laymen's terms from start to happy ending. For most people, this can make the difference between reading about an extremely complicated and expensive diet protocol (as presented in Trudeau's book) and executing an inexpensive, simple protocol detailed by the physician who developed it (Dr. Simeons'). The guide includes non prescription ordering, mixing, storing, tips, menus, charts, and everything else you need to successsfully lose the AVERAGE 20 - 30 pounds in about a month.

Newest Revision 2011 - 4th Revision: This guide is a great tool for the any HCG diet participant i.e. people who are doing the protocol on their own, under the supervision or help of a physician, with the help of a homeopathic or other practitioner with or without expertise in supporting the HCG protocol. This guide covers all areas of the HCG protocol and includes tips, menus, charts, allowable product, sample menus, and everything else you need to successfully lose the AVERAGE 20 - 30 pounds in about a month. The book also includes extensive information on the maintenance phase. This should save everyone from practitioner to participant significant time and give a high comfort level to everyone also.

The author releases the specific product brand names, previously censored by the U.S. Government, that he believes can be used to prevent, treat, and cure disease, and he discusses his covert involvement with the food industry and various governments.

A Pound of Cure was written by Dr. Matthew Weiner, a bariatric surgeon, who has identified a style of eating that can bring about the same metabolic changes seen after gastric bypass surgery. The shifts in your metabolism that block hunger and prevent weight loss plateaus after surgery can be obtained by focusing your diet on nutrient rich foods like fruits and vegetables. The style of eating outlined shows you how to use food to control hunger, eliminate cravings and prevent a slow down in your metabolism that plagues typical starvation diets.A Pound of Cure is a step by step guide that shows you how to change your style of eating sensibly, over time. Each of the 12 changes, or "stations" outlined in the program brings you closer to gaining control over the hunger and food cravings that have sabotaged your previous efforts. It is designed to be a lifelong change and nothing less and does not buy into the madness of starvation or fad diets. If you are tired of the fad diets and the commercial diet industry that peddles artificial, synthetic diet foods as healthy choices, the Pound of Cure plan will show you how to eat sensibly, control your hunger and lose the weight for the rest of your life.
