Christoph Arnold action that he believes will lead to the triumph of common sense and time-tested wisdom. Arnold takes on technology, standardized testing, overstimulation, academic pressure, marketing to children, over-diagnosis and much more, calling on everyone who loves children to combat these threats to childhood and find creative ways to help children flourish. Every parent, teacher, and childcare provider has the power to make a difference, by giving children time to play, access to nature, and personal attention, and most of all, by defending their right to remain children.

Raising a child has never been more challenging. If you ever doubt yourself or wonder if it is worth the

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

heartache, read this little book. If you worry that your family will not weather life's storms or if you fear losing your children to the prevailing culture, read it again. *Why Children Matter* offers biblical wisdom and commonsense advice on how to hold a family together and raise children with character. Johann Christoph Arnold, a father, grandfather and pastor, has written eleven books, including three on parenting and children's education. As the fabric of family and society is torn apart, this book offers up concrete steps to encourage parents faced with difficult child-rearing decisions.

Susan Forward's Men Who Hate Women and the Women Who Love Them. When you were a child... Did your parents tell you were bad or worthless? Did your parents use physical pain to discipline you? Did you have to take care of your parents because of their problems? Were you frightened of your parents? Did your parents do anything to you that had to be kept secret? Now that you are an adult... Do your parents still treat you as if you were a child? Do you have intense emotional or physical reactions after spending time with your parents? Do your parents control you with threats or guilt? Do they manipulate you with money? Do you feel that no matter what you do, it's never good enough for your parents? In this

Remarkable self-help guide, Dr. Susan Forward drawn on case histories and the real-life voices of adult children of toxic parents to help you free yourself from the frustrating patterns of your relationship with your parents -- and discover an exciting new world of self-confidence, inner strength, and emotional independence.

First-hand, human stories of hope, resilience, determination, and family: a call to see the world's children as our own, by the President and CEO of the U.S. Fund for UNICEF In I Believe in ZERO, President and CEO of the U.S. Fund for UNICEF, an organization known for its decades of charity work and

Access PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

philanthropy with the United Nations, Caryl M. Stern draws on her travels around the world, offering memorable stories that present powerful and sometimes counter-intuitive lessons about life. I Believe in ZERO reflects her-and UNICEF's-mission to reduce the number of preventable deaths of children under the age of five from 19,000 each day to zero. Each of the stories in I Believe in ZERO focuses on a particular locale-Bangladesh, Mozambique, earthquake-ravaged Haiti, the Brazilian Amazon-and weaves together fascinating material on the country and its history, an account of the humanitarian crises at issue, and depictions of the people she meets on the ground. Stern tells of mothers coming together to

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

Christoph Anold
affect change, of local communities with valuable perspectives of their own, and of children who continue to sustain their dreams and hopes even in the most dire of situations. Throughout, Stern traces her emerging global consciousness-and describes how these stories can positively impact our own children. In this incredibly moving book, Stern hopes to open hearts and minds and leave readers with the belief that no child anywhere should lack basic human support-and that every child and mother can be an inspiration.

Children are cooped up, passive, apathetic and corrupted by commerce... or so we are told.

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

Reclaiming Childhood confronts the dangerous myths spun about modern childhood. Yes, children today are losing out on many experiences past generations took for granted, but their lives have improved in so many other ways. This book exposes the stark consequences on child development of both our low expectations of fellow human beings and our safety-obsessed culture. Rather than pointing the finger at soft 'junk' targets and labelling children as fragile and easily damaged, Helene Guldberg argues that we need to identify what the real problems are - and how much they matter. We need to allow children to grow and flourish, to balance sensible guidance with youthful independence. That means letting children

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

play, experiment and mess around without adults hovering over them. It means giving children the opportunity to develop the resilience that characterises a sane and successful adulthood. Guldberg suggests ways we can work to improve children's experiences, as well as those of parents, teachers and 'strangers' simply by taking a step back from panic and doom-mongering.

Having seen anger, resentment, and despair destroy far too many lives, the writer of this extraordinary book on forgiving dispenses with glib pronouncements and lets the often untidy experiences of ordinary people speak for themselves.

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

In *Why Forgive?* the reader will meet men and women who have earned the right to talk about the importance of overcoming hurt and about the peace of mind they have found in doing so. Hurt is an understatement, actually, for many of these stories deal with the harrowing effects of violent crime, betrayal, abuse, bigotry, and war. But *Why Forgive?* examines lifes more mundane battle scars as well: the persistent hobgoblins of backbiting, gossip, and strained family ties, marriages gone cold and tensions in the workplace. As in life, not every story has a happy ending a fact Arnold thankfully refuses to skirt. The book also addresses the difficulty of forgiving oneself, the temptation to blame God, and the turmoil

Access PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

of those who simply cannot seem to forgive, even though they try. Why forgive? Read these stories, and then decide.

Americans have long treated government accountability as a birthright. However, accountability is frequently tossed about in a rhetorically effective but substantively empty way. We often feel that those in government “work for us” and therefore must “answer to us,” but fail to grapple with the conditions under which we can really assess how accountable our government is. This is especially true with respect to matters of secrecy and transparency in government as, while we routinely voice support for

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

transparency and accountability, we too often tolerate secrecy when associated with “national security.” The government plainly needs to keep some information secret, and there are ways to reconcile secrecy with accountability. In *Reclaiming Accountability*, unchecked secrecy is the primary concern as insufficient checking breeds unnecessary, even counterproductive, secrecy and is also deeply antithetical to accountability. Heidi Kitrosser shows how, for all of its influence, “presidentialism” badly misreads the Constitution. The book first explains presidentialism and its major component parts – “supremacy” and “unitary executive theory.” It then details how supremacy and unitary executive theory

Access PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

manifest themselves as arguments for a broad presidential power to control information. The descriptive elements lay the groundwork for Kitrosser's two normative arguments. The first is that the Constitution situates the presidency within a substantive accountability framework that entails substantial congressional and judicial leeway to impose and enforce external and internal checks on presidential power to foster transparency and accountability. And, closely related, the second argument is that supremacy and unitary executive theory misread the Constitution.

#1 NEW YORK TIMES BESTSELLER • Barack Obama's

Page 22/28

Lucid vision of America's place in the world and call for a new kind of politics that builds upon our shared understandings as Americans, based on his years in the Senate "In our lowdown, dispiriting era, Obama's talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope."—Michael Kazin, *The Washington Post* In July 2004, four years before his presidency, Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners' minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged

Access PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

Optimism in the future, or what Obama called “the audacity of hope.” The Audacity of Hope is Barack Obama’s call for a different brand of politics—a politics for those weary of bitter partisanship and alienated by the “endless clash of armies” we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of “our improbable experiment in democracy.” He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

family life, and his own deepening religious commitment. At the heart of this book is Barack Obama's vision of how we can move beyond our divisions to tackle concrete problems. He examines the growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by returning to the principles that gave birth to our Constitution, Obama says, can

Access PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

Americans repair a political process that is broken, and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans. Those Americans are out there, he writes—“waiting for Republicans and Democrats to catch up with them.”

Not since the Revolution has our nation faced greater challenges or more potential for total collapse. America is hanging by a thread. Politics have failed; government policies are disastrous; corruption abounds; the dollar is fading; courts are abandoning the Constitution; morality has been lost ... and the majority of citizens are dreadfully silent. The light

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

from "the city on a hill" has grown dim. The question is, "Will it go out?" One thing is certain: now is the time for action! America originated from an ideal unlike anything previous, consisting of "We the people" and the foundation of "under God." Tragically, the Founders' vision has become unrecognizable today. Hence, under God, we the people have a sacred responsibility to be good citizens involved in preserving the moral and political purity of our republic. In fact, our system of government does not work without involvement from the people, so to be disengaged at this critical hour must be considered un-American and unacceptable. Another "revolution" is desperately needed if America is to be salvaged, and

Acces PDF Their Name Is Today Reclaiming Childhood In A Hostile World Johann

the sacrificial commitment of our forefathers will be required. Today the enemy is not the British; we are the problem ... but we are also the solution! "It's Now or Never" provides a path for reclaiming America. By clearly identifying the key issues that are destroying our nation's core, this book sets forth essential steps each citizen can take to help regain our country and become a part of the solution. The light of America can shine again. Your role is vital, but you must act quickly-it's now or never!
