Microsoft Visual Studio 2012 Professional License

Visual Studio is not only one of the oldest IDEs around, having launched in the late-1990s, but it is also one

of the most popular. Chances are, if you ask developers what they use, Visual Studio will be among the top answers. And, for good reasons: it is a mature, powerful and versatile IDE that is used across the globe

to create websites, desktop software, mobile apps and games in a number ...
